## 1) Introduction

The MA Social Work programme enables students to gain a thorough grasp of the knowledge, skills and values that sit at the core of this rewarding career. Recognising the powerful links between personal and political issues, the course will assert the need to challenge inequality and safeguard vulnerable people.

In the first year, you will study the legal frameworks, policies and theories which underpin social work. A practice placement will offer you the chance to hone your communication skills as you start to apply your knowledge in the field. In your second year, you will continue to extend and refine your understanding of the law and social work theories and methods of intervention. You will also undertake a second practice placement and complete a dissertation.

This information booklet is intended to answer questions which are frequently asked by applicants to the MA Social Work programme during the application process. Questions which are not addressed within this booklet should be directed to the Admissions Tutor via email.

## 2) What are the entry requirements for the course?

Course Entry Requirements:

- Undergraduate degree at 2:1 classification or higher.
- GCSE English Language Grade 4 or above, or equivalent.
- Two references, one academic and one from a social work/social care provider.
- Personal statement must demonstrate interest in social work.
- Successful interview
- DBS and Occupational Health checks

Equivalentents for GCSE English Language are also accepted, including:

- Key skills Level 2 in English
- Functional Skills Level 2 in English
- Level 2 Adult Literacy

If you are unsure about whether your qualification meets the entry requirements, please contact the Admissions Team at either [ucasadmissions@leedsbeckett.ac.uk](mailto:ucasadmissions@leedsbeckett.ac.uk) for full-time applications or [directadmissions@leedsbeckett.ac.uk](mailto:directadmissions@leedsbeckett.ac.uk) for part-time applications, for further advice.

## 3) Are there alternatives to a 2:1 degree which will be accepted for entry onto the course?

If you have a 2:2 degree and have successfully completed at least one module from studies at Level 7 (postgraduate level), your application will be considered. Advice on postgraduate modules offered at Leeds Beckett University is available on request from the Admissions Tutor.

If you have completed and passed a postgraduate award, then this would be considered if your undergraduate degree was below a 2:1

Applicants who hold a 2:2 degree and have a minimum of 3 years' social care experience in a relevant role will also be considered.

Applications based on work experience alone will not be considered.

If you are unsure about whether your qualification meets the entry requirements, please contact the Admissions Team at either [ucasadmissions@leedsbeckett.ac.uk](mailto:ucasadmissions@leedsbeckett.ac.uk) for full-time applications or [directadmissions@leedsbeckett.ac.uk](mailto:directadmissions@leedsbeckett.ac.uk) for part-time applications, for further advice.

#### **4) How much relevant work/volunteering experience do I need?**

Applicants for the MA in Social Work are expected to have experience of working in social care and to be able to demonstrate the capacity to reflect on the relevance of these experiences to a career in social work. This will be assessed via the personal statement and at interview.

Acceptable examples of relevant work experience include:

- Charity work and voluntary work (directly related to social care, not working in a charity shop).
- Youth in the community work.
- Work with elderly or vulnerable adults.
- Hospital work.
- Work with people who use substances.
- Prison work/work with offenders.
- Experience of working in education, alongside reflections on the relevance of this experience to the role of a social worker.
- Any form of care work which applicants can demonstrate is relevant to the role of a social worker.

Personal experiences of caring for family members or friends cannot be utilised.

#### **5) Who can provide my references?**

An academic reference should be provided by a current or most recent previous tutor.

A reference from a social work or social care provider with whom you have completed some work or volunteering, for example a care home or voluntary sector agency, should also be provided.

#### **6) Will I need to have a DBS or health check?**

You will be required to undertake an Enhanced DBS check and complete an Occupational Health questionnaire prior to commencing the course. Further information about DBS and health checks can be found at [www.leedsbeckett.ac.uk/studenthub/admissions](http://www.leedsbeckett.ac.uk/studenthub/admissions). You will be sent further information about this process if you are made an offer.

#### **7) Can I join the course having completed part of my social work training at another University?**

Requests for transfer into Year 2 will not be considered.

## **8) What will happen at the interview?**

Applicants will undertake an individual interview, a case study exercise, and a written task. Interviews will take place online via Microsoft Teams, with discussion of the case study exercise taking place at the end of the interview. You will be made aware of the proposed arrangements in advance.

Your case study and written exercise will be emailed to you three days prior to your interview and the written exercise should be returned to the Course Director/Admissions Tutor [David Mercer](#) by 9.00am on the day of your interview.

Please provide the following documents to the Admissions Team by email:

- Academic and social care reference (if not already provided as part of UCAS application).
- Evidence of your highest qualification, if already achieved.
- Evidence of your English Language qualification, if already achieved.

## **9) Can I receive feedback on my performance at interview if my application is not successful?**

You can contact the Admissions Team to request feedback following an unsuccessful interview, either [ucasadmissions@leedsbeckett.ac.uk](mailto:ucasadmissions@leedsbeckett.ac.uk) for full-time applications or [directadmissions@leedsbeckett.ac.uk](mailto:directadmissions@leedsbeckett.ac.uk) for part-time applications.

## **10) Can I defer my entry onto the course?**

If you would like to defer your place on the course after your application has been submitted you must put this in writing to the Admissions Team, either to [ucasadmissions@leedsbeckett.ac.uk](mailto:ucasadmissions@leedsbeckett.ac.uk) for full-time applications or [directadmissions@leedsbeckett.ac.uk](mailto:directadmissions@leedsbeckett.ac.uk) for part-time applications.

Your place on the course can only be deferred for one year. After this time, you will need to take up that place for the following year or withdraw the application.

If you are holding a conditional offer, you must meet the conditions of the offer by the end of August.

Please be aware that if you make a request to defer your place, you may not be able to change your mind about this and decide instead to take up a place in the year that you applied for originally; this will depend on availability of places on the course.

## **11) When does the course start?**

The course will next commence with an induction event during week commencing 16<sup>th</sup> September 2024.

## **12) Is the course full-time?**

The course can be completed on a full-time basis over 2 years, however, there is an option to complete the course on a part-time basis over 3 years, which is designed to be more flexible around existing commitments.

In previous years, the full-time attendance requirement has been for approximately 3 days per week in Semester 1. There is then teaching in January/February amounting to approximately a day a week but may be spread over two days. From March in Year 1, the first 70-day placement commences. Students are on placement 5 days per week. There is then teaching approximately a day a week for Semester 1. The second placement commences mid- January full time for 100 days, finishing in June of the second year.

The part-time route fulfils the same requirements as the two-year route but enables students to complete the course over three years. Attendance at University has been for more than one day per week in Semester 1 and one day per week in Semester 2. In years 2 and 3 there are placements of 70 days and 100 days which are full-time. Please see the following schedule for how the part time course is organised:

| <b>Part-time - 3 years</b>  |      |  |      |

### 13) Does the course involve placements?

Practice learning on placement is a key component of your training as a social worker. Students are required to undertake 170 days on placement during their training.

### 14) Will I receive a bursary?

Full-time postgraduate students may be entitled to receive a bursary. The University is allocated a certain number of bursaries each year and applicants are nominated to receive these based on scoring from the interview process. There may be more students on the course than bursaries available. Applicants are also required to meet NHS eligibility criteria, which means that although a student may be nominated by the University to receive a bursary, the NHS may not award one.

Part-time MA students may be eligible to receive the bursary in three instalments over 3 years. Overall, this is the same amount that full-time students receive over 2 years. Bursaries are limited each year and bursaries for part-time students are only awarded when sufficient bursaries are available. You may also be eligible for a Child Dependant's Allowance and Exceptional Support Funding dependent on your circumstances. Further information about bursaries is available at <https://www.nhsbsa.nhs.uk/social-work-students>

All students, irrespective of whether they receive a bursary, will be entitled to receive a Placement Travel Allowance (PTA).

### **15) Is there any reading that will be useful in preparation for the course?**

If you would like to do some preparatory reading, we would recommend the following books:

- Banks, S. (2006). Ethics and Values in Social Work.
- Howe, D. (2009) A Brief Introduction to Social Work Theory.
- Trevithick, P. (2005). Social Work Skills: A Practice Handbook (Available via Google Scholar).
- Thompson, N. (2020). Understanding Social Work.

### **16) Will I be able to work as a social worker after completing this course?**

After successfully completing the course, you will be eligible to register as a social worker. The University confer this with the approval of Social Work England, the current professional regulator.
