

Role and Responsibilities of the Academic Assessor (AA) during the Supervision and Assessment Process

The AA is a member of Academic staff within the University.

The AA works in partnership with the learner and PA to address areas in need of development and create action plan to overcome areas of concern.

The AA works in partnership with the PA to evaluate and recommend the learner for progression for each part of the programme.

The AA collates and confirms achievement of programme outcomes and proficiencies in the academic environment.

The AA makes and records evidence based decisions on conduct, proficiency and achievement in practice and makes recommendations for progression.

The AA enables scheduled communication with the PA virtually or face to face.
